**Additional Information**

More details and products from the 2018 NSSME+, as well as previous iterations of the study, can be found at: <http://horizon-research.com/NSSME/>

# TABLE OF CONTENTS

	<i>Page</i>
<b>List of Tables .....</b>	<b>v</b>
<b>Section One: Introduction.....</b>	<b>1</b>
Sample Design and Sampling Error Considerations.....	2
Instrument Development.....	4
Data Collection .....	4
Outline of This Compendium .....	5
<b>Section Two: School Coordinator Questionnaire .....</b>	<b>7</b>
School Coordinator Questionnaire.....	9
School Coordinator Questionnaire Tables .....	17
<b>Section Three: Science Program Questionnaire .....</b>	<b>25</b>
Science Program Questionnaire.....	27
Science Program Questionnaire Tables .....	39
<b>Section Four: Mathematics Program Questionnaire .....</b>	<b>61</b>
Mathematics Program Questionnaire.....	63
Mathematics Program Questionnaire Tables .....	77
<b>Section Five: Science Teacher Questionnaire.....</b>	<b>101</b>
Science Teacher Questionnaire.....	103
Science Teacher Questionnaire Tables .....	129
<b>Section Six: Mathematics Teacher Questionnaire.....</b>	<b>187</b>
Mathematics Teacher Questionnaire.....	189
Mathematics Teacher Questionnaire Tables .....	213
<b>Section Seven: High School Computer Science Teacher Questionnaire.....</b>	<b>266</b>
High School Computer Science Teacher Questionnaire.....	268
High School Computer Science Teacher Questionnaire Tables .....	288

# LIST OF TABLES

Page

<b>Section Two: School Coordinator Questionnaire .....</b>	<b>7</b>
1 <i>No Table</i>	
2 <i>No Table</i>	
3 <i>No Table</i>	
4, 5   Prevalence of High School Course Arrangements .....	17
6     Prevalence of High School Dual Credit Course Arrangements.....	17
7     Subjects for Which High School Students May Demonstrate Mastery of Course Content for Credit Without Normal Seat-Time Requirement.....	17
8     Schools With Various Computing Resources, by Grade Range.....	17
9     Schools With Various Policies About Students Bringing Their Own Computing Devices to School, by Grade Range.....	18
10    Teachers Traveling Among Rooms Due to a Shortage of Classrooms .....	18
11    Schools With Policy That First Year Teachers Do Not Travel Among Classrooms .....	18
12    Schools With Induction Program for New Teachers .....	18
13    Typical Duration of Formal New Teacher Induction Programs .....	18
14    Organizations Developing and Implementing Formal Induction Programs, by Grade Range .....	19
15    Supports Provided as Part of Formal Induction Programs, by Grade Range.....	19
16    Policies Regarding Formally Assigned School-Based Mentors in Induction Programs, by Grade Range.....	20
17    School Programs and Practices to Enhance Students' Interest and/or Achievement in Computer Science, by Grade Range .....	20
18    Elementary and Middle Schools Offering Computer Programming Instruction .....	20
19 <i>No Table</i>	
20 <i>No Table</i>	
21 <i>No Table</i>	
22    Computer Science Course-Offering Practices Currently Being Implemented in High Schools .....	21
23    High Schools Offering Computer Science Courses That Might Qualify for College Credit.....	21
24    When High Schools Offer Concurrent College and High School Credit/Dual Enrollment Computer Science Courses .....	21
25    Where and When High Schools Offer Various Advanced Placement and International Baccalaureate Computer Science Courses .....	22
26    High School Computer Science and Technology Courses Offered.....	22
27    Average Percentage of High School Students That Will Take a Computer Science Class This Year.....	22
28    High School Computer Science Graduation Requirements.....	22
29    High School Computer Science Counting Toward Graduation Requirements in Other Subject Areas .....	23
30    Computer Science-Focused Professional Development Workshops Offered by School/District in the Last Three Years .....	23
31    Computer Science-Focused Teacher Study Groups Offered by School/District in the Last Three Years.....	23
32    Schools Providing One-on-One Computer Science-Focused Coaching.....	23
<b>Section Three: Science Program Questionnaire .....</b>	<b>25</b>
1     Titles of Science Program Questionnaire Representatives, by Grade Range .....	39
2     Use of Various Instructional Arrangements in Elementary Schools .....	39
3     Science Programs and Practices Currently Being Implemented in High Schools .....	39
4     School Programs and Practices to Enhance Students' Interest and/or Achievement in Science/Engineering, by Grade Range .....	40

5.1	Opinions About Various Statements Regarding State Science Standards in Elementary Schools .....	40
5.2	Opinions About Various Statements Regarding State Science Standards in Middle Schools .....	41
5.3	Opinions About Various Statements Regarding State Science Standards in High Schools .....	41
6	Type of Middle School Science Courses Offered, by Grade .....	41
7	Average Percentage of High School Students Not Taking Science During the 2017–18 School Year .....	41
8	High School Science Courses Offered .....	42
9	High Schools Offering Science Courses That Might Qualify for College Credit .....	42
10	When High Schools Offer Concurrent College and High School Credit/Dual Enrollment Science Courses .....	43
11	Where and When High Schools Offer Various Advanced Placement and International Baccalaureate Science Courses .....	43
12	High School Science Graduation Requirements .....	43
13	High Schools Counting Engineering Courses Towards Science Graduation Requirements .....	44
14	Median Amount Schools Spent Per Pupil on Consumable Supplies, Equipment, and Software for Science, by Grade Range .....	44
15	How Science Instructional Materials Are Selected, by Grade Range .....	44
16.1	Effect of Various Factors on Science Instruction in Elementary Schools .....	45
16.2	Effect of Various Factors on Science Instruction in Middle Schools .....	45
16.3	Effect of Various Factors on Science Instruction in High Schools .....	46
17.1	Science Program Representatives’ Opinions About the Extent to Which Various Factors Are Problematic for Science Instruction in Elementary Schools .....	46
17.2	Science Program Representatives’ Opinions About the Extent to Which Various Factors Are Problematic for Science Instruction in Middle Schools .....	47
17.3	Science Program Representatives’ Opinions About the Extent to Which Various Factors Are Problematic for Science Instruction in High Schools .....	48
18	Science/Engineering-Focused Professional Development Workshops Offered by School/District in the Last Three Years .....	48
19.1	Elementary Schools With Locally Offered Science Professional Development Workshops in the Last Three Years With an Emphasis in Each of a Number of Areas .....	49
19.2	Middle Schools With Locally Offered Science Professional Development Workshops in the Last Three Years With an Emphasis in Each of a Number of Areas .....	50
19.3	High Schools With Locally Offered Science Professional Development Workshops in the Last Three Years With an Emphasis in Each of a Number of Areas .....	51
20	Science/Engineering-Focused Teacher Study Groups Offered by School in the Last Three Years .....	52
21	Required Participation in Science/Engineering-Focused Teacher Study Groups in Elementary Schools .....	52
22, 23	Required Participation in Science/Engineering-Focused Teacher Study Groups in Secondary Schools .....	52
24	Schools With Specified Schedule for Science/Engineering-Focused Teacher Study Groups .....	52
25	Duration of Science/Engineering-Focused Teacher Study Groups, by Grade Range .....	52
26	Frequency of Science/Engineering-Focused Teacher Study Groups, by Grade Range .....	53
27	Composition of Science/Engineering-Focused Teacher Study Groups, by Grade Range .....	53
28	Description of Activities in Science/Engineering-Focused Teacher Study Groups, by Grade Range .....	54
29.1	Elementary School Science/Engineering-Focused Teacher Study Groups in the Last Three Years With an Emphasis in Each of a Number of Areas .....	55
29.2	Middle School Science/Engineering-Focused Teacher Study Groups in the Last Three Years With an Emphasis in Each of a Number of Areas .....	56
29.3	High School Science/Engineering-Focused Teacher Study Groups in the Last Three Years With an Emphasis in Each of a Number of Areas .....	57
30	Use of Designated Leaders for Science/Engineering-Focused Teacher Study Groups .....	58

31	Origin of Designated Leaders of Science/Engineering-Focused Teacher Study Groups, by Grade Range.....	58
32	How Schools Provide Time for Science/Engineering Professional Development, by Grade Range.....	58
33	Schools Providing One-on-One Science-Focused Coaching.....	58
34	Average Percentage of Teachers in Schools Receiving One-on-One Science-Focused Coaching .....	59
35.1	Providers of One-on-One Science-Focused Coaching in Elementary Schools .....	59
35.2	Providers of One-on-One Science-Focused Coaching in Middle Schools .....	59
35.3	Providers of One-on-One Science-Focused Coaching in High Schools.....	60
36	Services Provided to Teachers in Need of Special Assistance in Science Teaching, by Grade Range.....	60

**Section Four: Mathematics Program Questionnaire ..... 61**

1	Titles of Mathematics Program Questionnaire Representatives, by Grade Range .....	77
2	Use of Various Instructional Arrangements in Elementary Schools .....	77
3	Mathematics Programs and Practices Currently Being Implemented in High Schools.....	77
4	School Programs and Practices to Enhance Students’ Interest and/or Achievement in Mathematics, by Grade Range .....	78
5.1	Opinions About Various Statements Regarding State Mathematics Standards in Elementary Schools.....	78
5.2	Opinions About Various Statements Regarding State Mathematics Standards in Middle Schools .....	79
5.3	Opinions About Various Statements Regarding State Mathematics Standards in High Schools .....	79
6, 7	Average Percentage of 8 <sup>th</sup> Grade Students Completing Algebra 1 or Geometry Prior to 9 <sup>th</sup> Grade.....	79
8	Average Percentage of High School Students Not Taking a Mathematics Course During the School Year.....	79
9	Type of High School Mathematics Courses Offered.....	80
10	High School Mathematics Courses Offered .....	80
11, 12	High Schools Offering Various Probability and Statistics Courses.....	80
13	High Schools Offering Mathematics Courses That Might Qualify for College Credit .....	80
14	When High Schools Offer Concurrent College and High School Credit/Dual Enrollment Mathematics Courses .....	80
15	Where and When High Schools Offer Various Advanced Placement and International Baccalaureate Mathematics Courses .....	81
16	High School Mathematics Graduation Requirements .....	81
17	Median Amount Schools Spent Per Pupil on Consumable Supplies, Non-Consumable Items, and Software for Mathematics, by Grade Range.....	81
18	How Mathematics Instructional Materials Are Selected, by Grade Range .....	82
19.1	Effect of Various Factors on Mathematics Instruction in Elementary Schools .....	82
19.2	Effect of Various Factors on Mathematics Instruction in Middle Schools.....	83
19.3	Effect of Various Factors on Mathematics Instruction in High Schools .....	84
20.1	Mathematics Program Representatives’ Opinions About the Extent to Which Various Factors Are Problematic for Mathematics Instruction in Elementary Schools .....	85
20.2	Mathematics Program Representatives’ Opinions About the Extent to Which Various Factors Are Problematic for Mathematics Instruction in Middle Schools .....	86
20.3	Mathematics Program Representatives’ Opinions About the Extent to Which Various Factors Are Problematic for Mathematics Instruction in High Schools.....	87
21	Mathematics-Focused Professional Development Workshops Offered by School/District in the Last Three Years .....	87
22.1	Elementary Schools With Locally Offered Mathematics Professional Development Workshops in the Last Three Years With an Emphasis in Each of a Number of Areas .....	88

22.2	Middle Schools With Locally Offered Mathematics Professional Development Workshops in the Last Three Years With an Emphasis in Each of a Number of Areas .....	89
22.3	High Schools With Locally Offered Mathematics Professional Development Workshops in the Last Three Years With an Emphasis in Each of a Number of Areas .....	90
23	Mathematics-Focused Teacher Study Groups Offered by School in the Last Three Years .....	91
24	Required Participation in Mathematics-Focused Teacher Study Groups in Elementary Schools .....	91
25, 26	Required Participation in Mathematics-Focused Teacher Study Groups in Secondary Schools .....	91
27	Schools With Specified Schedule for Mathematics-Focused Teacher Study Groups .....	91
28	Duration of Mathematics-Focused Teacher Study Groups, by Grade Range .....	91
29	Frequency of Mathematics-Focused Teacher Study Groups, by Grade Range .....	92
30	Composition of Mathematics-Focused Teacher Study Groups, by Grade Range .....	92
31	Description of Activities in Mathematics-Focused Teacher Study Groups, by Grade Range .....	93
32.1	Elementary School Mathematics-Focused Teacher Study Groups in the Last Three Years With an Emphasis in Each of a Number of Areas .....	94
32.2	Middle School Mathematics-Focused Teacher Study Groups in the Last Three Years With an Emphasis in Each of a Number of Areas .....	95
32.3	High School Mathematics-Focused Teacher Study Groups in the Last Three Years With an Emphasis in Each of a Number of Areas .....	96
33	Use of Designated Leaders for Mathematics-Focused Teacher Study Groups .....	97
34	Origin of Designated Leaders of Mathematics-Focused Teacher Study Groups, by Grade Range .....	97
35	How Schools Provide Time for Mathematics Professional Development, by Grade Range .....	97
36	Schools Providing One-on-One Mathematics-Focused Coaching .....	97
37	Average Percentage of Teachers in Schools Receiving One-on-One Mathematics-Focused Coaching .....	98
38.1	Providers of One-on-One Mathematics-Focused Coaching in Elementary Schools .....	98
38.2	Providers of One-on-One Mathematics-Focused Coaching in Middle Schools .....	99
38.3	Providers of One-on-One Mathematics-Focused Coaching in High Schools .....	99
39	Services Provided to Mathematics Teachers in Need of Special Assistance in Mathematics Teaching, by Grade Range .....	100
<b>Section Five: Science Teacher Questionnaire.....</b>		<b>101</b>
1	Number of Years Science Teachers Spent Teaching Prior to This School Year, by Grade Range .....	129
2	Grade Levels Taught by Science Teachers.....	129
3	Instructional Arrangements for Science in Self-Contained Elementary School Classes .....	129
4	<i>No Table</i>	
5	Frequency With Which Self-Contained Elementary School Teachers Provide Science Instruction .....	129
6, 7	Average Number of Minutes Per Day Spent Teaching Each Subject in Self-Contained Elementary School Classes .....	130
8.1	Number of Sections of Science and Engineering Classes Taught Per Week by Non-Self-Contained Elementary School Teachers .....	130
8.2	Number of Sections of Science and Engineering Classes Taught Per Week by Middle School Teachers .....	131
8.3	Number of Sections of Science and Engineering Classes Taught Per Week by High School Teachers .....	131
9	<i>No Table</i>	
10	<i>No Table</i>	
11	<i>No Table</i>	
12	Subjects of Science Teachers' Degrees, by Grade Range .....	132

13	Science Teachers With Education Degrees, by Grade Range .....	132
14	Science Teachers With Engineering Degrees, by Grade Range .....	132
15	Science Teachers With Natural Science Degrees, by Grade Range .....	133
16	Biology/Life Science College Courses Completed by Science Teachers, by Grade Range .....	133
17	Advanced Biology/Life Science College Courses Completed by Science Teachers, by Grade Range.....	133
18	Chemistry College Courses Completed by Science Teachers, by Grade Range .....	134
19	Advanced Chemistry College Courses Completed by Science Teachers, by Grade Range .....	134
20	Physics College Courses Completed by Science Teachers, by Grade Range.....	134
21	Advanced Physics College Courses Completed by Science Teachers, by Grade Range.....	135
22	Earth/Space Science College Courses Completed by Science Teachers, by Grade Range .....	135
23	Advanced Earth/Space Science College Courses Completed by Science Teachers, by Grade Range.....	135
24	Environmental Science College Courses Completed by Science Teachers, by Grade Range .....	136
25	Advanced Environmental Science College Courses Completed by Science Teachers, by Grade Range.....	136
26	Science Teachers Having Completed One or More College Courses in Engineering.....	136
27	Science Teachers' Paths to Certification, by Grade Range .....	136
28	High School Science Teachers' Areas of Certification .....	137
29	Science Teachers With Full-Time Job Experience in a Science- or Engineering-Related Field Prior to Teaching .....	137
30	Science Teachers' Most Recent Participation in Science/Engineering-Focused Professional Development, by Grade Range.....	137
31	Science Teachers Participating in Various Science/Engineering-Focused Professional Development Activities in the Last Three Years, by Grade Range.....	137
32	Time Spent by Science Teachers on Science/Engineering-Focused Professional Development in the Last Three Years, by Grade Range .....	138
33.1	Elementary School Science Teachers' Descriptions of Science/Engineering-Focused Professional Development in the Last Three Years .....	138
33.2	Middle School Science Teachers' Descriptions of Science/Engineering-Focused Professional Development in the Last Three Years .....	139
33.3	High School Science Teachers' Descriptions of Science/Engineering-Focused Professional Development in the Last Three Years .....	140
34.1	Elementary School Science Teachers' Perceptions of Topics Emphasized During Professional Development in the Last Three Years .....	141
34.2	Middle School Science Teachers' Perceptions of Topics Emphasized During Professional Development in the Last Three Years.....	142
34.3	High School Science Teachers' Perceptions of Topics Emphasized During Professional Development in the Last Three Years.....	143
35	Elementary School Science Teachers' Perceptions of Their Preparedness to Teach Various Subjects .....	144
36.1	<i>No table for elementary teachers</i>	
36.2	Middle School Science Teachers' Perceptions of Their Preparedness to Teach Various Topics.....	145
36.3	High School Science Teachers' Perceptions of Their Preparedness to Teach Various Topics.....	146
37.1	Elementary School Science Teachers' Perceptions of Their Preparedness for Each of a Number of Tasks.....	147
37.2	Middle School Science Teachers' Perceptions of Their Preparedness for Each of a Number of Tasks.....	147
37.3	High School Science Teachers' Perceptions of Their Preparedness for Each of a Number of Tasks.....	148
38.1	Elementary School Science Teachers' Opinions About Teaching and Learning .....	149
38.2	Middle School Science Teachers' Opinions About Teaching and Learning .....	150
38.3	High School Science Teachers' Opinions About Teaching and Learning .....	151

39	Science Teachers Having Various Leadership Responsibilities Within the Last Three Years, by Grade Range .....	152
40	Average Minutes Per Week Science Classes Meet .....	152
41	Average Number of Students in Science Classes .....	152
42	Race/Ethnicity of Students in Science Classes, by Grade Range .....	153
43	Prior Science Achievement Level of Students in Science Classes, by Grade Range .....	153
44.1	Elementary School Science Classes in Which Teachers Report Having Control Over Various Curricular and Instructional Decisions .....	153
44.2	Middle School Science Classes in Which Teachers Report Having Control Over Various Curricular and Instructional Decisions.....	154
44.3	High School Science Classes in Which Teachers Report Having Control Over Various Curricular and Instructional Decisions.....	154
45.1	Emphasis Given in Elementary School Science Classes to Various Instructional Objectives .....	155
45.2	Emphasis Given in Middle School Science Classes to Various Instructional Objectives .....	155
45.3	Emphasis Given in High School Science Classes to Various Instructional Objectives.....	156
46.1	Elementary School Science Classes in Which Teachers Report Using Various Activities in Their Classrooms .....	156
46.2	Middle School Science Classes in Which Teachers Report Using Various Activities in Their Classrooms .....	157
46.3	High School Science Classes in Which Teachers Report Using Various Activities in Their Classrooms .....	158
47.1	Elementary School Science Classes in Which Teachers Report Students Engaging in Various Aspects of Science Practices .....	159
47.2	Middle School Science Classes in Which Teachers Report Students Engaging in Various Aspects of Science Practices .....	161
47.3	High School Science Classes in Which Teachers Report Students Engaging in Various Aspects of Science Practices .....	163
48	Science Classes in Which Teachers Report Incorporating Engineering Into Science Instruction, by Grade Range .....	164
49	Science Classes in Which Teachers Report Incorporating Coding Into Science Instruction, by Grade Range .....	165
50	Amount of Homework Assigned in Science Classes Per Week, by Grade Range .....	165
51	Frequency of Required External Science Testing in Science Classes, by Grade Range .....	165
52.1	Availability of Resources in Elementary School Science Classes.....	166
52.2	Availability of Resources in Middle School Science Classes .....	166
52.3	Availability of Resources in High School Science Classes.....	166
53.1	Availability of Instructional Technology in Elementary School Science Classes.....	166
53.2	Availability of Instructional Technology in Middle School Science Classes.....	167
53.3	Availability of Instructional Technology in High School Science Classes .....	167
54.1	Adequacy of Classroom Resources for Science Instruction in Elementary Schools .....	167
54.2	Adequacy of Classroom Resources for Science Instruction in Middle Schools.....	168
54.3	Adequacy of Classroom Resources for Science Instruction in High Schools .....	168
55.1	Frequency of Use of Various Instructional Resources in Elementary School Science Classes .....	169
55.2	Frequency of Use of Various Instructional Resources in Middle School Science Classes .....	170
55.3	Frequency of Use of Various Instructional Resources in High School Science Classes .....	171
56	Science Classes for Which the District Designates Instructional Materials to Be Used .....	171
57	Science Classes for Which Various Types of Instructional Materials Are Designated, by Grade Range.....	172
58	<i>No Table</i>	
59a	Copyright Year of Instructional Materials Used in Science Classes, by Grade Range .....	172
59b.1	Publishers of Textbooks Used in Elementary School Science Classes .....	173
59b.2	Publishers of Textbooks Used in Middle School Science Classes .....	174
59b.3	Publishers of Textbooks Used in High School Science Classes.....	175
60.1	Elementary School Science Classes in Which Teachers Report the Effect Various Factors	

	Have on Science Instruction.....	176
60.2	Middle School Science Classes in Which Teachers Report the Effect Various Factors Have on Science Instruction.....	177
60.3	High School Science Classes in Which Teachers Report the Effect Various Factors Have on Science Instruction.....	178
61	Focus of the Most Recently Completed Science Unit, by Grade Range .....	178
62	Most Recent Science Unit Based Primarily on Any Commercially-Published Textbook/Module or State/County/District-Developed Materials .....	179
63.1	Ways Instructional Materials Were Used in the Most Recently Completed Unit in Elementary School Science Classes.....	179
63.2	Ways Instructional Materials Were Used in the Most Recently Completed Unit in Middle School Science Classes .....	179
63.3	Ways Instructional Materials Were Used in the Most Recently Completed Unit in High School Science Classes .....	180
64.1	Reasons Parts of the Instructional Materials Were Skipped in Elementary School Science Classes .....	180
64.2	Reasons Parts of the Instructional Materials Were Skipped in Middle School Science Classes .....	181
64.3	Reasons Parts of the Instructional Materials Were Skipped in High School Science Classes .....	181
65.1	Reasons Why the Instructional Materials Were Supplemented in Elementary School Science Classes .....	182
65.2	Reasons Why the Instructional Materials Were Supplemented in Middle School Science Classes .....	182
65.3	Reasons Why the Instructional Materials Were Supplemented in High School Science Classes .....	182
66.1	Reasons Why the Instructional Materials Were Modified in Elementary School Science Classes .....	183
66.2	Reasons Why the Instructional Materials Were Modified in Middle School Science Classes .....	183
66.3	Reasons Why the Instructional Materials Were Modified in High School Science Classes .....	183
67.1	Elementary School Science Classes Taught by Teachers Feeling Prepared for Each of a Number of Tasks in the Most Recent Unit.....	184
67.2	Middle School Science Classes Taught by Teachers Feeling Prepared for Each of a Number of Tasks in the Most Recent Unit.....	184
67.3	High School Science Classes Taught by Teachers Feeling Prepared for Each of a Number of Tasks in the Most Recent Unit.....	184
68	Duration of the Most Recent Science Lesson.....	185
69	Average Percentage of Time Spent on Different Activities in the Most Recent Science Lesson, by Grade Range .....	185
70	Science Classes Participating in Various Activities in the Most Recent Lesson, by Grade Range .....	185
71	Sex of Science Teachers, by Grade Range .....	185
72	Science Teachers of Hispanic or Latino Origin.....	186
73	Race of Science Teachers, by Grade Range .....	186
74	Age of Science Teachers .....	186
<b>Section Six: Mathematics Teacher Questionnaire.....</b>		<b>187</b>
1	Number of Years Mathematics Teachers Spent Teaching Prior to This School Year, by Grade Range.....	213
2	Grade Levels Taught by Mathematics Teachers .....	213
3	Instructional Arrangements for Mathematics in Self-Contained Elementary School Classes .....	213
4	<i>No Table</i>	

5	Frequency With Which Self-Contained Elementary School Teachers Provide Mathematics Instruction.....	213
6	Frequency With Which Self-Contained Elementary School Teachers Provide Science Instruction .....	214
7, 8	Average Number of Minutes Per Day Spent Teaching Each Subject in Self-Contained Elementary School Classes .....	214
9	Number of Sections of Mathematics Classes Taught Per Week, by Grade Range.....	214
10	<i>No Table</i>	
11	<i>No Table</i>	
12	Subjects of Mathematics Teachers’ Degrees, by Grade Range .....	215
13	Mathematics Teachers with Education Degrees, by Grade Range .....	215
14	Mathematics College Courses Completed by Mathematics Teachers, by Grade Range .....	216
15	Mathematics Teachers Having Completed One or More College Courses in Computer Science or Engineering, by Grade Range.....	216
16	Mathematics Teachers’ Paths to Certification, by Grade Range .....	217
17	Mathematics Teachers With Full-Time Job Experience in a Mathematics-Related Field Prior to Teaching.....	217
18	Mathematics Teachers’ Most Recent Participation in Mathematics-Focused Professional Development, by Grade Range .....	217
19	Mathematics Teachers Participating in Various Mathematics-Focused Professional Development Activities in the Last Three Years, by Grade Range.....	218
20	Time Spent by Mathematics Teachers on Mathematics-Focused Professional Development in the Last Three Years, by Grade Range .....	218
21.1	Elementary School Mathematics Teachers’ Descriptions of Mathematics-Focused Professional Development in the Last Three Years .....	219
21.2	Middle School Mathematics Teachers’ Descriptions of Mathematics-Focused Professional Development in the Last Three Years .....	220
21.3	High School Mathematics Teachers’ Descriptions of Mathematics-Focused Professional Development in the Last Three Years.....	221
22.1	Elementary School Mathematics Teachers’ Perceptions of Topics Emphasized During Professional Development in the Last Three Years .....	222
22.2	Middle School Mathematics Teachers’ Perceptions of Topics Emphasized During Professional Development in the Last Three Years .....	223
22.3	High School Mathematics Teachers’ Perceptions of Topics Emphasized During Professional Development in the Last Three Years .....	224
23	Self-Contained Elementary School Mathematics Teachers’ Perceptions of Their Preparedness to Teach Various Subjects.....	225
24.1	Non-Self-Contained Elementary School Mathematics Teachers’ Perceptions of Their Preparedness to Teach Various Topics .....	225
24.2	Middle School Mathematics Teachers’ Perceptions of Their Preparedness to Teach Various Topics .....	226
24.3	High School Mathematics Teachers’ Perceptions of Their Preparedness to Teach Various Topics.....	226
25.1	Elementary School Mathematics Teachers’ Perceptions of Their Preparedness for Each of a Number of Tasks .....	227
25.2	Middle School Mathematics Teachers’ Perceptions of Their Preparedness for Each of a Number of Tasks.....	228
25.3	High School Mathematics Teachers’ Perceptions of Their Preparedness for Each of a Number of Tasks.....	229
26.1	Elementary School Mathematics Teachers’ Opinions About Teaching and Learning .....	230
26.2	Middle School Mathematics Teachers’ Opinions About Teaching and Learning.....	231
26.3	High School Mathematics Teachers’ Opinions About Teaching and Learning .....	232
27	Mathematics Teachers Having Various Leadership Responsibilities Within the Last Three Years, by Grade Range .....	233
28	Average Minutes Per Week Mathematics Classes Meet .....	233
29	Average Number of Students in Mathematics Classes.....	233

30	Race/Ethnicity of Students in Mathematics Classes, by Grade Range .....	233
31	Prior Mathematics Achievement Level of Students in Mathematics Classes, by Grade Range .....	234
32.1	Elementary School Mathematics Classes in Which Teachers Report Having Control Over Various Curricular and Instructional Decisions .....	234
32.2	Middle School Mathematics Classes in Which Teachers Report Having Control Over Various Curricular and Instructional Decisions .....	234
32.3	High School Mathematics Classes in Which Teachers Report Having Control Over Various Curricular and Instructional Decisions .....	235
33.1	Emphasis Given in Elementary School Mathematics Classes to Various Instructional Objectives .....	235
33.2	Emphasis Given in Middle School Mathematics Classes to Various Instructional Objectives .....	236
33.3	Emphasis Given in High School Mathematics Classes to Various Instructional Objectives.....	236
34.1	Elementary School Mathematics Classes in Which Teachers Report Using Various Activities in Their Classrooms.....	237
34.2	Middle School Mathematics Classes in Which Teachers Report Using Various Activities in Their Classrooms .....	238
34.3	High School Mathematics Classes in Which Teachers Report Using Various Activities in Their Classrooms .....	239
35.1	Elementary School Mathematics Classes in Which Teachers Report Students Engaging in Various Aspects of Mathematics Practices .....	240
35.2	Middle School Mathematics Classes in Which Teachers Report Students Engaging in Various Aspects of Mathematics Practices .....	242
35.3	High School Mathematics Classes in Which Teachers Report Students Engaging in Various Aspects of Mathematics Practices .....	244
36	Mathematics Classes in Which Teachers Report Incorporating Coding Into Mathematics Instruction, by Grade Range .....	245
37	Amount of Homework Assigned in Mathematics Classes Per Week, by Grade Range .....	245
38	Frequency of Required External Mathematics Testing in Mathematics Classes, by Grade Range .....	246
39	Availability of Projection Devices in Mathematics Classrooms, by Grade Range.....	246
40.1	Adequacy of Classroom Resources for Mathematics Instruction in Elementary Schools.....	246
40.2	Adequacy of Classroom Resources for Mathematics Instruction in Middle Schools.....	247
40.3	Adequacy of Classroom Resources for Mathematics Instruction in High Schools .....	247
41.1	Frequency of Use of Various Instructional Resources in Elementary School Mathematics Classes .....	248
41.2	Frequency of Use of Various Instructional Resources in Middle School Mathematics Classes .....	249
41.3	Frequency of Use of Various Instructional Resources in High School Mathematics Classes .....	250
42	Mathematics Classes for Which the District/Diocese Designates Instructional Materials to Be Used.....	250
43	Mathematics Classes for Which Various Types of Instructional Materials Are Designated, by Grade Range.....	251
44	<i>No Table</i>	
45a	Copyright Year of Instructional Materials Used in Mathematics Classes, by Grade Range .....	251
45b.1	Publishers of Textbooks Used in Elementary School Mathematics Classes .....	252
45b.2	Publishers of Textbooks Used in Middle School Mathematics Classes .....	253
45b.3	Publishers of Textbooks Used in High School Mathematics Classes.....	254
46.1	Elementary School Mathematics Classes in Which Teachers Report the Effect Various Factors Have on Mathematics Instruction.....	255
46.2	Middle School Mathematics Classes in Which Teachers Report the Effect Various Factors Have on Mathematics Instruction.....	256
46.3	High School Mathematics Classes in Which Teachers Report the Effect Various Factors Have on Mathematics Instruction .....	257

47	Focus of the Most Recently Completed Mathematics Unit, by Grade Range .....	257
48	Most Recent Mathematics Unit Based Primarily on Any Commercially Published Textbook or State/County/District-Developed Materials.....	258
49.1	Ways Instructional Materials Were Used in the Most Recently Completed Unit in Elementary School Mathematics Classes.....	258
49.2	Ways Instructional Materials Were Used in the Most Recently Completed Unit in Middle School Mathematics Classes .....	258
49.3	Ways Instructional Materials Were Used in the Most Recently Completed Unit in High School Mathematics Classes .....	259
50.1	Reasons Parts of the Instructional Materials Were Skipped in Elementary School Mathematics Classes .....	259
50.2	Reasons Parts of the Instructional Materials Were Skipped in Middle School Mathematics Classes .....	260
50.3	Reasons Parts of the Instructional Materials Were Skipped in High School Mathematics Classes .....	260
51.1	Reasons Why the Instructional Materials Were Supplemented in Elementary School Mathematics Classes .....	261
51.2	Reasons Why the Instructional Materials Were Supplemented in Middle School Mathematics Classes .....	261
51.3	Reasons Why the Instructional Materials Were Supplemented in High School Mathematics Classes .....	261
52.1	Reasons Why Instructional Materials Were Modified in Elementary School Mathematics Classes .....	262
52.2	Reasons Why Instructional Materials Were Modified in Middle School Mathematics Classes .....	262
52.3	Reasons Why Instructional Materials Were Modified in High School Mathematics Classes .....	262
53.1	Elementary School Mathematics Classes Taught by Teachers Feeling Prepared for Each of a Number of Tasks in the Most Recent Unit.....	263
53.2	Middle School Mathematics Classes Taught by Teachers Feeling Prepared for Each of a Number of Tasks in the Most Recent Unit.....	263
53.3	High School Mathematics Classes Taught by Teachers Feeling Prepared for Each of a Number of Tasks in the Most Recent Unit.....	263
54	Duration of the Most Recent Mathematics Lesson.....	264
55	Average Percentage of Time Spent on Different Activities in the Most Recent Mathematics Lesson, by Grade Range.....	264
56	Mathematics Classes Participating in Various Activities in the Most Recent Lesson, by Grade Range.....	264
57	Sex of Mathematics Teachers, by Grade Range.....	265
58	Mathematics Teachers of Hispanic or Latino Origin .....	265
59	Race of Mathematics Teachers, by Grade Range.....	265
60	Age of Mathematics Teachers.....	265
<b>Section Seven: High School Computer Science Teacher Questionnaire.....</b>		<b>266</b>
1	Number of Years High School Computer Science Teachers Spent Teaching Prior to This School Year.....	288
2	<i>No Table</i>	
3	<i>No Table</i>	
4	Number of Sections of Computer Science Classes Taught Per Week by High School Teachers .....	288
5	<i>No Table</i>	
6	<i>No Table</i>	
7	Subjects of High School Computer Science Teachers' Degrees .....	289
8	High School Computer Science Teachers With Education Degrees .....	289
9	Computer Science College Courses Completed by High School Computer Science Teachers .....	289

10	Mathematics College Courses Completed by High School Computer Science Teachers .....	290
11	Engineering College Courses Completed by High School Computer Science Teachers .....	290
12	High School Computer Science Teachers' Paths to Certification .....	290
13	High School Computer Science Teachers' Areas of Certification .....	290
14	High School Computer Science Teachers With Full-Time Job Experience in Computer Programming or Computer/Software Engineering Prior to Teaching .....	290
15	High School Computer Science Teachers' Most Recent Participation in Computer Science-Focused Professional Development.....	291
16	High School Computer Science Teachers Participating in Various Computer Science- Focused Professional Development Activities in the Last Three Years .....	291
17	Time Spent by High School Computer Science Teachers on Computer Science- Focused Professional Development in the Last Three Years .....	291
18	High School Computer Science Teachers' Descriptions of Computer Science-Focused Professional Development in the Last Three Years .....	292
19	High School Computer Science Teachers' Perceptions of Topics Emphasized During Professional Development in the Last Three Years .....	293
20	High School Computer Science Teachers' Perceptions of Their Preparedness to Teach Various Topics .....	293
21	High School Computer Science Teachers' Perceptions of Their Preparedness for Each of a Number of Tasks.....	294
22	High School Computer Science Teachers' Opinions About Teaching and Learning.....	295
23	High School Computer Science Teachers Having Various Leadership Responsibilities Within the Last Three Years .....	295
24	Average Minutes Per Week High School Computer Science Classes Meet.....	296
25	Average Number of Students in High School Computer Science Classes .....	296
26	Race/Ethnicity of Students in High School Computer Science Classes .....	296
27	Prior Achievement Level of Students in High School Computer Science Classes .....	296
28	High School Computer Science Classes in Which Teachers Report Having Control Over Various Curricular and Instructional Decisions .....	297
29	Emphasis Given in High School Computer Science Classes to Various Instructional Objectives .....	297
30	High School Computer Science Classes in Which Teachers Report Using Various Activities in their Classrooms .....	298
31	High School Computer Science Classes in Which Teachers Report Students Engaging in Various Aspects of Computer Science Practices .....	299
32	Provision of Technologies in High School Computer Science Classes.....	300
33	Availability of Instructional Technology in High School Computer Science Classes .....	300
34	Amount of Homework Assigned in High School Computer Science Classes Per Week .....	300
35	Frequency of Use of Various Instructional Resources in High School Computer Science Classes .....	301
36	High School Computer Science Classes for Which the District/Diocese Designates Instructional Materials to Be Used.....	301
37	High School Computer Science Classes for Which Various Types of Instructional Materials Are Designated.....	301
38	<i>No Table</i>	
39a	Copyright Year of Instructional Materials Used in High School Computer Science Classes .....	302
39b	Publishers of Textbooks Used in High School Computer Science Classes .....	302
40	<i>No Table</i>	
41	High School Computer Science Classes in Which Teachers Report the Effect Various Factors Have on Computer Science Instruction .....	303
42	High School Computer Science Classes in Which Teachers Report Technology Problems .....	303
43	Focus of the Most Recently Completed High School Computer Science Unit .....	304

44	Most Recent High School Computer Science Unit Based Primarily on Any Commercially Published Textbook or State/County/District-Developed Materials .....	304
45	Ways Instructional Materials Were Used in the Most Recently Completed Unit in High School Computer Science Classes .....	304
46	Reasons Parts of the Instructional Materials Were Skipped in High School Computer Science Classes .....	305
47	Reasons Why the Instructional Materials Were Supplemented in High School Computer Science Classes .....	305
48	Reasons Why the Instructional Materials Were Modified in High School Computer Science Classes .....	306
49	High School Computer Science Classes Taught by Teachers Feeling Prepared for Each of a Number of Tasks in the Most Recent Unit.....	306
50	Duration of the Most Recent High School Computer Science Lesson.....	306
51	Average Percentage of Time Spent on Different Activities in the Most Recent High School Computer Science Lesson.....	306
52	High School Computer Science Classes Participating in Various Activities in the Most Recent Lesson .....	307
53	Sex of High School Computer Science Teachers .....	307
54	High School Computer Science Teachers of Hispanic or Latino Origin.....	307
55	Race of High School Computer Science Teachers .....	307
56	Age of High School Computer Science Teachers .....	308
